

SILVER REEF MINE  
CHRONOLOGY

- 8-23-84           \*     DOGM petitioned the Board to:  
                          revoke additional approval of the Notice of  
                          Intent  
                          Order 5-M to submit reclamation plans  
                          Order 5-M to post reclamation surety  
                          Order 5-M to reclaim affected area after  
                          plan is approved and bond is posted  
  
                          (No final Board Action Taken)
- 9-24-84           \*     Reclamation surety bond posted by Kerley  
                          Industries (\$55,210)
- 4-19-85           \*     Letter from DOGM (Steve Cox) to Kerley Industries  
6-21-85 - MRP FORM     requesting an updated MR-1 be filed  
                          RECEIVED
- 9-27-85           \*     Letter from DOGM (Pam Grubaugh-Littig) to Kerley  
                          Industries requesting updated bond amount
- 1-2-86            \*     Letter from Kerley Industries noting Kerley  
                          Industries had terminated its interest in the  
                          Silver Reef property
- 2-10-86           \*     Kerley Industries letter stating updated bond  
                          would be posted by end of April, 1986
- 6-12-86           \*     Letter from DOGM to Kerley Industries requesting  
                          immediate posting of updated surety
- 9-18-86           \*     Letter from DOGM directing Kerley Industries to  
                          reclaim within 60 days of DOGM would pursue Board  
                          action.
- 11-24-86           \*     Site visit by DOGM staff showed no reclamation  
                          had occurred. Site configuration was essentially  
                          unchanged from a year earlier
